## **BACKGROUND OF THE INSTITUTION WITH VISION, MISSION, AND OBJECTIVES**

Ahmednagar Jilha Maratha Vidya Prasarak Samaj, Ahmednagar the parent institution was established in 1918 to impart quality education, especially to the economically and socially weaker sections of the society in the district of Ahmednagar. Chhatrapati Rajarshi Shahu Maharaj donated grants in 1918 for the building of Maratha Boarding in memory of *Karveer Chhatrapati Shivaji Maharaj IV* who was humiliated and assassinated in the Ahmednagar fort by the British and cremated on the side opposite this educational complex. Chhatrapati Rajarshi Shahu Maharaj of Kolhapur is the source of inspiration behind the establishment of this premier institute devoted to the cause of education of the weaker sections of society. The parent institution celebrated its centenary year in 2018. It is a public trust, registered under the Public Charitable Trust Act, 1953. It has contributed substantially to the educational and social developments so far and will continue to do so in the future catering to the needs of changing times. Over the years, it has grown into a family of more than a hundred educational institutions from pre-primary education to higher and professional education. It is managed by a team of dedicated social workers. During the period of about a hundred years, its developments are consistent to its motto "*Tejo Se Tejo Me Dehi*".

New Arts, Commerce and Science College, Ahmednagar established in 1970, is affiliated to the Savitribai Phule Pune University, Pune and registered under sections 2(f) and 12(B) of the UGC. During the last 50 years, the college has made a greater contribution to the educational and social development of the region. The college received Autonomous Status from the academic year 2021-22.

The total number of programmes offered by an institution is 82, which includes 31 UG, 27 PG, 06 certificate courses, a diploma, one advanced diploma, B. Voc. Programme in Printing Technology and Journalism and Mass Communication, 03 M. Phil and 13 Ph.D. programmes. The college has continuously upgraded its academic profile with new academic programmes, as per the need of the time, to open avenues of careers to students. Most of the UG academic programmes have been subsequently extended to PG and further to research programmes to ensure progression to higher levels. The total number of faculty members is 235, of which 67 are Ph. D and 95 are NET or SLET qualified. The faculty members are continuously engaged in research. In the last six years, 988 research papers have been published in national and international journals, conference proceedings and as a book chapters. Most of the publications are in international databases. The

central library is well stacked with 1,37,888 books and 157 journals. The faculty and students have access to INFLIBNET and NLIST.

In the recent past, the college has received grants under UGC-CPE, DBT STAR, DST-FIST, and UGC Paramarsh scheme. The Innovation Cell sanctioned by MHRD is working for promoting research and innovation amongst the students. The *Unnat Bharat Abhiyan Scheme* is sanctioned by the college which helps in understanding and resolving the issues of the rural population. The faculty members have received funding for major and minor research projects from UGC, ICSSR, BARC, BCUD, SPPU, Pune, and MSWC.

The college has invested an enormous amount to create the required infrastructure like classrooms, laboratories, equipment, instruments, library, ICT facilities, sports, seminar halls and auditorium to run the academic programmes efficiently and effectively. Over the years, the college has maintained its distinct position in introducing new academic programmes with immediate effect as and when designed and approved by the university. A wide range of programmes has provided greater need-based choices to the students. Teaching-learning process has been supported by teaching aids, the use of ICT, guest lectures and other curricular activities. We have developed functional linkages with some institutions and 13 MoUs to assist students in respect of summer training, internship, placement and skill developments. A good track record of university examination results has been maintained consistently. Many students excelled in academics and secured top ranks, gold medals, prizes and scholarships in the university examinations. The co-curricular, extra-curricular and extension activities undertaken by the college are commendable. The broad areas of such activities are an organization of guest lectures, faculty development programmes, seminars, workshops, industrial visits, study tours, community services, social work, health services, blood donation camps, environmental awareness, alumni and parent meets, student feedback, campus interviews, placements, NSS and NCC. The college is at the forefront in the field of sports and games. Many students have secured gold, silver, and bronze medals at university; state, national and international level sports events. The achievements of NCC cadets are notable. In the last decade, seven students participated in the RDC parade, held at New Delhi. The college has instituted scholarships and cash prizes to encourage, motivate and appreciate the student achievements in academics, sports, cultural and extension activities. The college celebrated its golden jubilee of establishment in 2019-20 and constituted Golden Jubilee Research Fellowship

(GJRF) to promote research and innovation in the campus. The college is the recipient of the prestigious state-level drama competition award *Purushottam Karandak*.

The college has reached its present status of excellence due to the constant support and encouragement from the management, dedicated team of teaching and administrative staff, and above all support from the students and society. We are committed to striving hard to reach greater heights of excellence to fulfill the future expectations of all the stakeholders.

## Faculty of Science and Technology

### Bachelor of Science (B. Sc.)

#### **Rules and Regulations:**

The B.Sc. programme is for 3 academic years and 6 semesters. The minimum total number of credits required for each programme is 132 credits and 08 additional credits.

#### **Bachelor of Science (B.Sc.)**

\* Project: The Board of Studies of the respective department will decide the nature of the project i.e. individual project or group project. The BoS may replace the project with skill-based practical courses like software training, advanced instrumentation, etc.

\*\* Skill Enhancement Courses (SEC): students are allowed to opt from any department of the faculty or the parent department. The examination cell shall design and implement the mechanism of credit transfer.

# **Faculty of Science and Technology**

## **B.Sc. Computer Science**

## **Rules and Regulations**

The B.Sc. Computer Science, B.Sc. Animation, B. C. A. (Science), B.Sc. Biotechnology, B.Sc. Wine Technology programmes are for 3 academic years and 6 semesters. The minimum total number of credits requirements for each programme is 140 credits and 08 additional credits.

## **Bachelor of Science (B.Sc.)**

**\*\* SEC and Project:** students are allowed to opt from any department of the college or the same department. The examination cell shall design and implement the mechanism of credit transfer.

\* **DSEC:** Board of studies will prepare the groups of 08 Theory and 04 practical courses from which the students can opt for any 06 theory and 03 practicals courses respectively
